

icdm2009

Industrial Conference on Data Mining

Best Paper Award

Professional

for the talk

*„ On Cellular Network Channels Data Mining
and Decision Making through Ant Colony
Optimization and Multi Agent Systems Strategies “*

presented by

P. M. Papazoglou, D. A. Karras,
R. C. Papademetriou

Chalkis Institute of Technology, Athens / GREECE

Leipzig, 22 July 2009

Sponsored by

Organized from

ibai

Dr. Petra Perny
Institute of Computer Vision and
Applied Computer Sciences

This is to certify that the following paper

Title: On the Multi-Threading Approach of Efficient Multi-Agent Methodology for Modelling Cellular Communications Bandwidth Management

Authors : P.M. Papazoglou, D.A.Karras, R.C. Papademetriou

was judged worthy of the

Best Research Paper Award

at the 2nd KES International Symposium on Agent and Multi-Agent Systems: Technologies and Applications, 27-28 March 2008, Incheon, Korea.

KES International recognises the significant contribution to research made by this publication.
